

Overnight East Way slip road closures near A45 Coventry Road

October 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we will be doing

The new railway will pass under the A45 as it approaches the new interchange station. We are currently constructing the A45 service road bridges and will commence construction of the A45 Overbridge in 2025.

Over the summer we have been diverting utilities, creating new entrances into our construction compound and installing safety barriers.

We will now install some overnight closures to complete barrier and surfacing works.

To minimise disturbance, we will do this work overnight for four nights. The work will take place each night on Monday 11 November, Tuesday 12 November and Wednesday 13 November between 8pm and 6am.

On Thursday 14 November the overnight closure will be later from 11:30 until 6am.

Please see diversion route map overleaf.

These works are subject to consent.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
