

Notice of road closures and traffic management, A4010 Risborough Road

October 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

Earlier this year we began diverting the Thames Water main along the A4010 Risborough Road. In November, we will be continuing this work as well as carrying out surveys in a second location relating to the construction of the new relief road.

The works on the water main will be completed under a lane closure controlled by traffic lights. Our work area will be separated from the live carriageway by concrete barriers. We must close the road completely for one night to install these barriers before the works begin and for one day when they are finished to remove them.

We will then survey the existing road at the connecting point to the new relief road. We will also be carrying out works to locate underground utilities in this area. This will be completed under a single lane closure, with a full road closure necessary for the final day only.

When will these works take place?

- Full road closure Friday 8 November 8:30pm – Saturday 9 November 5:30am
- 2-way traffic lights Saturday 9 November 5:30am – Sunday 24 November 9am (24-hour)
- Full road closure Sunday 24 November 9am-3pm
- 3-way traffic lights Monday 25 November – Thursday 28 November 9am-3pm
- Full road closure Friday 29 November 9am-3pm

These dates may change due to conditions outside of our control.

Please refer to the HS2 website regularly to check for any changes and updates.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
