

UPDATE: Notice of closure of the westbound carriageway on the M42/M6 link road

October 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the new high speed railway in your area.

The work we will be doing

Throughout 2023 we constructed the piers and abutments for the M42/M6 link road viaducts. These are two 158m long composite viaducts that will carry the HS2 line over the M42/M6 motorway link road.

Over five weekends during 2024 the two viaducts were successfully positioned over both link roads. Most of the preparation work was completed off-line to minimise disruption, where possible, on the live road network. For more information you can watch a timelapse of these installations on YouTube by clicking on the link:

[HS2 completes first viaduct structures at Delta Junction \(youtube.com\)](https://www.youtube.com/watch?v=...)

To complete the works we will be installing weekday overnight closures on the M42/M6 Link road westbound carriageway. These closures will be in place from the M42 southbound at junction 8 to the M6 northbound at junction 4a. The road closures will be in place to access the central reservation.

When the work will take place

Updated: The overnight closures of the westbound carriageway will be extended to five consecutive nights from Monday 21 October to Saturday 26 October and an additional night on Friday 8 November. The closures will be in place from 9pm to 5am each night.

This work is subject to consent with National Highways.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Subject to consent

Duration of works

UPDATE: Overnight closures of the westbound carriageway will be extended to five consecutive nights, from Monday 21 October reopening on Saturday 26 October at 5am, along with one additional night on Friday 8 November. The closures will be from 9pm to 5am.

Our workforce may be on-site up to one hour before and after to set up our equipment.

What to expect

Clearly signed diversion route

What we will do

Inform you of any changes in advance

Keep you informed of updates via:

Map of closure and diversion route

M42/M6 link road westbound:

See map below detailing the westbound carriageway closure and the approved diversion route. The diversion route will be to continue on the M42 southbound from junction 8 to junction 6. At M42 junction 6 exit the M42 southbound onto the roundabout and take the M42 slip road to go northbound and join the M6 westbound.

To make HS2 possible in the West Midlands, it is necessary to construct multiple assets within what is known as Delta Junction. This area is located from Green Lane in Coleshill up to Water Orton Village. These assets will support the construction of the HS2 line of route, ensuring the future operation of HS2 is possible.

Delta Junction is situated in the borough of North Warwickshire and consists of several large construction assets that BBV are responsible for delivering. Delta Junction incorporates the main line running North to South and the line running in and out of Birmingham known as the Birmingham Spur/North Chord.

Balfour Beatty VINCI (BBV) has 3 main interfaces with the National Highways strategic network within Delta Junction. The structures that interface with the network are M42/M6 East and West viaducts, M42 Coleshill box structure, Water Orton 1 and 2 viaducts.

The M42/M6 link road works are key to the earth works haulage strategy as the east viaduct will be used temporarily by dump trucks to transport material over the link road, reducing the number of lorries going onto the strategic road network. The site accesses which were built in July 2021 are now used regularly by BBV to facilitate the construction of structures, earthworks and tunnels.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation

You can find out about HS2 and properties along the route by visiting:

www.gov.uk/government/collections/hs2-property

Find out if you can claim compensation at:

www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting the HS2 Helpdesk. For more details on our complaints process, please visit:
