

## UPDATED: Notice of overnight closure of the A446 Lichfield Road, Coleshill

December 2024 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

### The work we will be doing

We will be carrying out barrier installation on the A446 Lichfield Road as part of the Chattle Hill Box structure re-alignment works. This structure will support the HS2 line crossing over the A446.

The temporary re-alignment will be in place for approximately two years. Once the structure is complete the A446 will be reinstated to its original re-alignment in a future phase of works.

To complete these works safely we will be installing closures from the junction of Gorsey Lane to the junction with Marsh Lane, including Watton Lane.

### When the work will take place

**UPDATE:** Due to unforeseen weather conditions, we were unable to carry out the work as originally scheduled. As a result, the works have been rescheduled. An overnight road closure will be in place on the A446 Lichfield Road between the junctions of Gorsey Lane, Watton Lane, and Marsh Lane in both directions. The closure will occur from 8:00 PM on Friday, 20 December, to 5:00 AM on Saturday, 21 December 2024.

### Where we will be working

See map on following page detailing the closure, approved diversion route and new temporary re-alignment.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
