Update: weekend works in Euston Approaches site – June 2025

May 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Overnight and weekend working – June 2025

We are continuing our works for the Network Rail wall removal in the Euston Throat area.

Due to the proximity of the wall to the live railway, and the risk of debris falling on the tracks, we have installed scaffolding to allow us to complete this work safely during our core hours.

We will work during the day and overnight on weekends as required to reduce the height of the scaffold, as we lower the wall. We can only carry out the scaffolding works when the rail tracks below are not in use. We have chosen the quietest methods possible for this work to reduce impact to neighbours.

We also need to divert utilities across our haul road within site whilst there is no vehicle movement.

We will work **daytime** and **overnight** from **9am on Saturdays** to **3am on Mondays**, on the following dates:

- Saturday 7 June to Monday 9 June 2025
- Saturday 14 June to Monday 16 June 2025
- Saturday 21 June to Monday 23 June 2025
- Saturday 28 June to Monday 30 June 2025

We will update you on further weekend and overnight works for July later this month.

We will minimise noise impacts where practicable and we will continually monitor noise levels to ensure we are working within the approved limits. We apologise for any disruption these works may cause.

Please see our [coordination map](#) on the HS2 website to view information about these works, and any other works taking place in the Euston area.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk
