

Update: weekend works in Euston Approaches site – June 2025

June 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Overnight and weekend working – June 2025

We will be reinforcing some containment units on Granby Terrace Bridge, overnight on **Saturday 28 June, from 1am to 5am**.

We will also be modifying some hoarding, north of Granby Terrace Bridge, close to the Network Rail tracks. We will work **8am to 8pm** on **Saturday 28 June**.

We can only carry out the reinforcement works and hoarding modifications when the rail tracks below are not in use. We have chosen the quietest methods possible for this work to reduce impact to neighbours.

We will minimise noise impacts where practicable and we will continually monitor noise levels to ensure we are working within the approved limits. We apologise for any disruption these works may cause.

Ongoing surveys and monitoring at track-level within the Euston Approaches

We carry out regular surveys and monitoring of the bridges and structures within the railway cutting, to inform and assess the impact of our works. For safety, due to the location of these structures beside, above and below the railway tracks, we can only carry out these surveys when the tracks are not in use. This means we frequently carry out surveys during weekends and overnight shifts.

Please see our [coordination map](#) on the HS2 website to view information about these works, and any other works taking place in the Euston area.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk
