

# Notice of A452 update – full opening of new roundabout

January 2025 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

## Update

A new high-speed railway station is being built within Solihull, near the M42, A45 Coventry Road and A446, close to the NEC and Birmingham Business Park.

To ensure the local road network is fit for purpose when the future HS2 interchange station is operational, we have been improving and expanding the existing road network.

From 27 January, road users traveling north on the A452 will no longer be diverted via the smaller roundabout by the Holiday Inn to reach the A446 link road (Melbicks Garden Centre). Instead, road users can continue around the fully operational roundabout.

## The work we will be doing

In order for us to fully open the roundabout we will need to close the southbound slip road (Biddles Loop) and a short section of lane one of the A446 for one night between 8pm Saturday 25 January until 6am on Sunday 26 January.

See map overleaf for diversion route.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
