

# Notice of new borehole on Alperton Lane

January 2025 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

## What we will do

In order to support the construction of the new HS2 tunnels, we need to carry out groundwater monitoring along the line of route. From **13 to 20 January** we need to dig a new groundwater monitoring borehole on Alperton Lane, before the tunnel boring machine passes through the area.

We will break the ground using a circular saw and remove waste using a vacuum excavator. A rod will be placed in the borehole, and the hole will then be sealed with a secure cover. We will return at intervals to lift the cover and take readings.

## How this will affect you

We will need to close a lane and footpath throughout the works, and also suspend some parking bays. We will use temporary traffic lights to control traffic on Alperton Lane, including access to London Auto Parts. We will maintain access to properties. Pedestrian diversions will be in place. Staff will be on site 24 hours a day to monitor the temporary traffic lights.

You may hear additional noise while the ground is being broken. We will use noise reducing barriers where possible. You may see staff return at intervals to carry out monitoring.

The approximate locations are indicated on a map on the next page.

## Duration of works

13 to 20 January 2025

Monday to Friday 8am to 6pm

Saturday 8am to 1pm

Parking bay suspensions will be in place from 11 January

There will be staff on site 24 hours a day

## What to expect

Lane and footpath closure

Temporary traffic lights  
Some noise from the groundbreaking equipment and vacuum excavator

Barriers around the borehole location

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

## The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at [www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: [residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

## Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: [complaints@hs2-cc.org.uk](mailto:complaints@hs2-cc.org.uk)

## Property and compensation

You can find out about HS2 and properties along the route by visiting:
