

Notice of overnight road closures M42 southbound and M6 Toll Road southbound for three nights in February 2025

February 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we will be doing

As we prepare for construction of the new M42 Coleshill Triple Box Bridge across the M42 motorway we will be carrying out overnight maintenance works, and validation of the current speed cameras placed along that section of motorway.

To allow us to complete these works, there will be overnight closures on the M42 southbound carriageway from junction 9 to junction 7 and the M6 Toll Road southbound carriageway from junction T2 to M42.

When the work will take place

To ensure the safety of our workforce, we will be installing three overnight weeknight road closures from Tuesday 25 February up to and including Thursday 27 February. The closures will be in place from 8pm each night and will be removed at 5am each morning. This work is subject to consent with National Highways.

Where will the work take place

Please be aware other work affecting the M42/M6 link road, M6 Toll and M42 is ongoing, details can be found at

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
