February 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Align JV is building the Colne Valley viaduct, which crosses the A412 in Denham.

What works need to take place?

On Monday 3 March 2025 to Saturday 8 March 2025 and from Monday 10 March to Friday 14 March 2025, we will be removing a concrete slab near the entrance to Denham Waterski Club, off the A412, Denham.

The concrete slab removal works will be carried out using an excavator with a breaker attachment, which may cause some noise during hours of operation. The concrete will then be stockpiled before being delivered to the South Portal site.
