

Update: Camden Winding Engine Vaults protection works

August 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

What we are doing

We wrote to you in February 2025 about works to protect the Grade II* Listed Camden Winding Engine Vaults from 24 February to 31 August 2025. This phase of works will now continue until **31 October 2025**. This is because more material was found in the vaults than expected.

We are continuing to clear the vaults of mud and flood water while installing scaffolding and monitoring equipment.

How this may affect you

We are removing the mud and water from the vaults with suction equipment and lifting the debris with a lorry mounted crane. The machinery is located at the vaults access near Gilbeys Yard.

This work may be noisy. We will use noise reducing blankets where possible.

Each Saturday night between 11pm and 5am, when trains are not using the tracks, we will have two lorry movements removing the debris from site. The lorries will travel on the Network Rail access road from the vaults access near Gilbeys Yard, exiting at Juniper Crescent. The debris is then transported to an offsite location.

The lorry route is shown on the map on the next page.

Adelaide Road vent shaft site facilities

Staff working at the Camden Winding Engine Vaults site are using the welfare facilities at the Adelaide Road Ventilation Shaft site during core hours. Staff are transported between the two sites by minibus.

We apologise for any disruption these works may cause.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation
