

Notice of temporary overnight full closures of the A446 link road and Biddles Loop - near Bickenhill

March 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we will be doing

A new high-speed railway station is being built within Solihull, near the M42, A45 Coventry Road and A446 Stonebridge Road, close to the NEC, Birmingham Business Park and Birmingham Airport.

As we progress with our works on the highway network, we need to undertake a series of drainage surveys and vegetation clearance works.

When we will do the work

To ensure the safety of road users and our workforce we will install full overnight closures of the A446 link road and the A446 southbound exit slip at Biddles loop.

The closures will be in place each night between 8pm and 6am from Monday 31 March until Friday 4 April 2025 (please see diversion maps on pages two and three).
