

UPDATED Notice of Road Closure, Calvert Road, Calvert

March 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

In early November 2023, we closed a section of Calvert Road, either side of Calvert Railway bridge for the existing bridge to be demolished and the area prepared for piling in early 2024. The planned completion and opening of the new green overbridge and highway in Summer 2025, has been delayed and is now due to re-open in January 2026. A temporary link road is being constructed, shown on the map overleaf, which will link Calvert Green to the Claydon's. This is due to be open to public traffic in May 2026.

This closure is necessary for reasons of safety as our teams will be working on and around the carriageway and the existing bridge which carried Calvert Road over the disused Calvert railway line will be demolished.

When will these works take place?

Calvert Road will be closed, 24-hours a day, from 8 November 2023 until January 2026.

There will be no access for emergency services.

These dates may be subject to change due to circumstances outside of our control, such as weather. Please refer to the HS2 website regularly to check for any changes or updates.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

A section of Calvert Road will be closed 24-hours a day from Wednesday 08 November 2023 until January 2026.

Normal working hours:
Monday to Friday 7am – 6pm
Saturdays 7am – 1pm

Our contractors may be on site for one hour's start-up and shutdown either side of these times.

Additional evening or weekend working is expected and will be undertaken in agreement with the Local Authority.

What to expect

Full road closure of a section of Calvert Road.

Varied activities with both quiet and busier periods.

What we will do

Manage any environmental impacts, such as traffic and noise.

Respond promptly to any complaints and take appropriate action.

Provide a full diversion route for road users.
