

# Notice of Public Rights of Way closures Aylesbury

September 2025 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at [www.hs2inyourarea.co.uk](http://www.hs2inyourarea.co.uk).

## What are doing?

As part of our continuing works and for the safety of the public, we have closed some footpaths in the Aylesbury area. This includes the areas located West and South West of Aylesbury, Stoke Mandeville, Fleet Marston, and Waddesdon.

Public Right of Way closures are in place to allow us to safely use our internal haul road constructed alongside our bridge and viaduct structures and the HS2 line itself. Footpaths which are located close to or that cross the construction sites, must be closed and diverted.

We are committed to keeping the local path known as The Greenway open at all times, between Waddesdon and Aylesbury. We may be required to undertake works that are in close proximity to the path. For the protection of the public, we may need to narrow the path to maintain access to The Greenway.

## When will these works takes place?

The affected footpaths have closure notices and, where possible, signposted local diversions in place around the construction works until the permanent realignments are completed.

The maps below show the affected footpaths in Waddesdon, Fleet Marston, West Aylesbury, South West Aylesbury and Stoke Mandeville along with their expected timescales for reopening.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
