Notice of traffic management, A4421 and A421

April 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions about these works, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inbucksandox.co.uk.

What are we doing?

We have recently been working alongside the carriageways on the A4421 and the A421. Here we will shortly be constructing highway tie ins which will connect to new sections of road and the newly built bridges.

We previously altered the road layouts in the area by reducing sections of the roads to a single lane with temporary traffic lights. This was implemented to enable safe working areas for our staff.

After monitoring the current traffic management in the area, we will be undertaking some changes to help improve the traffic flows.

The lights on the east of the A4421 will be temporarily removed which will allow us to prioritise the works on the west of the road.

We will look to continuously monitor and improve the traffic management where necessary. We will inform you if we progress any further changes.

We appreciate that this still may cause delays at peak travel times, so recommend allowing some additional time for your journey.

These works are essential to safely open the new section of road later this year. We apologise for any inconvenience this may cause and thank you for your patience while we complete this work.

When will these works take place?

- Monday 28 April 8:30pm to 29 April 5:30am removal of one set of traffic lights to the east of the A4221.
- The use of single lane closure and traffic lights to the A421 and A4221 will continue throughout the year.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
