High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at [www.hs2inwarwickshire.co.uk](http://www.hs2inwarwickshire.co.uk).

### What are we doing?

EKFB are preparing for the permanent realignment of the A423 Banbury Road, joining the new bridge we are building over the HS2 railway line to the current road network.

As we continue this work, we will be extending the width of the plant crossing over the A423. This will allow larger earth moving vehicles to begin to build the approach roads to the new bridge this coming summer.

To complete the plant crossing, there will be weekend road closure in June, followed by single lane traffic management for one week. We will be working 24 hours a day and some additional lighting and construction noise is expected overnight, these activities have been approved by the local authority.

### When will these works take place?

#### Road closure:

From 8pm on Friday 6 June to 6am on Monday 9 June 2025

#### Single lane closure:

Monday 9 June to Friday 13 June 2025

These dates may be subject to change, due to circumstances outside of our control, such as poor weather. This work is subject to local authority consents and approvals.
