

## A45 Coventry Road overnight carriageway and temporary lane closures, near Bickenhill

July 2025 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

### The work we will be doing

The new high-speed railway will pass under the A45 Coventry Road as it approaches the new Interchange Station being built in Solihull. This section of the A45 is located near Bickenhill, between the Stonebridge roundabout and the M42 motorway junction 6.

To allow us to safely construct the A45 overbridge structure we will first construct a contraflow traffic management system with narrow lanes and install lane closures to maintain two lanes of traffic flow. We will install the following overnight carriageway closures (subject to consent):

- **A45 Coventry Road eastbound** from Monday 11 August to Saturday 16 August 2025 between 9pm and 6am each night.
- **A45 Coventry Road westbound (extended diversion)** on Monday 18 August 2025 from 10pm to 6am.
- **A45 Coventry Road westbound (extended diversion contingency if required)** on Tuesday 19 August 2025 from 10pm to 6am.
- **A45 Coventry Road westbound (shorter diversion)** from Wednesday 20 August to Saturday 23 August 2025 between 9pm and 6am each night.
- **Overnight closures** of the eastbound and westbound carriageways on Tuesday 26 August and Wednesday 27 August 2025 from 9pm to 6am.

### Single lane closures in both directions

A single lane closure will remain in place, on both eastbound and westbound carriageways, from 6am on Saturday 23 August 2025 to 6am on Monday 1 December 2025.

### Access via A45 Service Road

Businesses requiring access via the A45 Service Road will be marshalled through traffic management as required.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
