Overnight and weekend works in Euston Approaches

August 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Trial holes on Hampstead Road bridge

To inform the design of our utility works on Hampstead Road and to ensure the route below is clear of obstructions, we need to survey an area on Hampstead Road bridge footpath over two consecutive weekends.

Works will take place from **8am to 1pm** on **Saturday 6 September**, and **Saturday 13 September 2025**.

We will partially close the footpath and maintain pedestrian access at all times. We will hand dig, survey, and then reinstate the area.

Weekend overnight works – September 2025

We will begin preparation works to remove another section of the Network Rail wall at track level, within our site in the Euston Throat area. This will involve installing scaffolding along the wall so we can safely remove sections of the wall during our core working hours (8am to 6pm).

Works will take place from **8am on Saturday 27 September** through to **5am on Monday 29 September 2025**. We have chosen the quietest methods possible for this work to reduce impact to neighbours.

Due to the proximity to the live railway, we can only carry out these scaffolding works when the rail tracks are not in use.

We apologise for the inconvenience these works may cause.

Hoarding maintenance on Hampstead Road

We carry out regular maintenance to our site hoarding once a month on a Saturday night. We will carry out this work overnight on **27 September 2025**.

We will temporarily close the northbound lane on Hampstead Road and maintain two-way traffic in the southbound lane. You may notice brief periods of noise as we clean the road and hoarding.

Please see our [coordination map](#) on the HS2 website to view information about these works, and other works taking place in the Euston area.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk

Notification

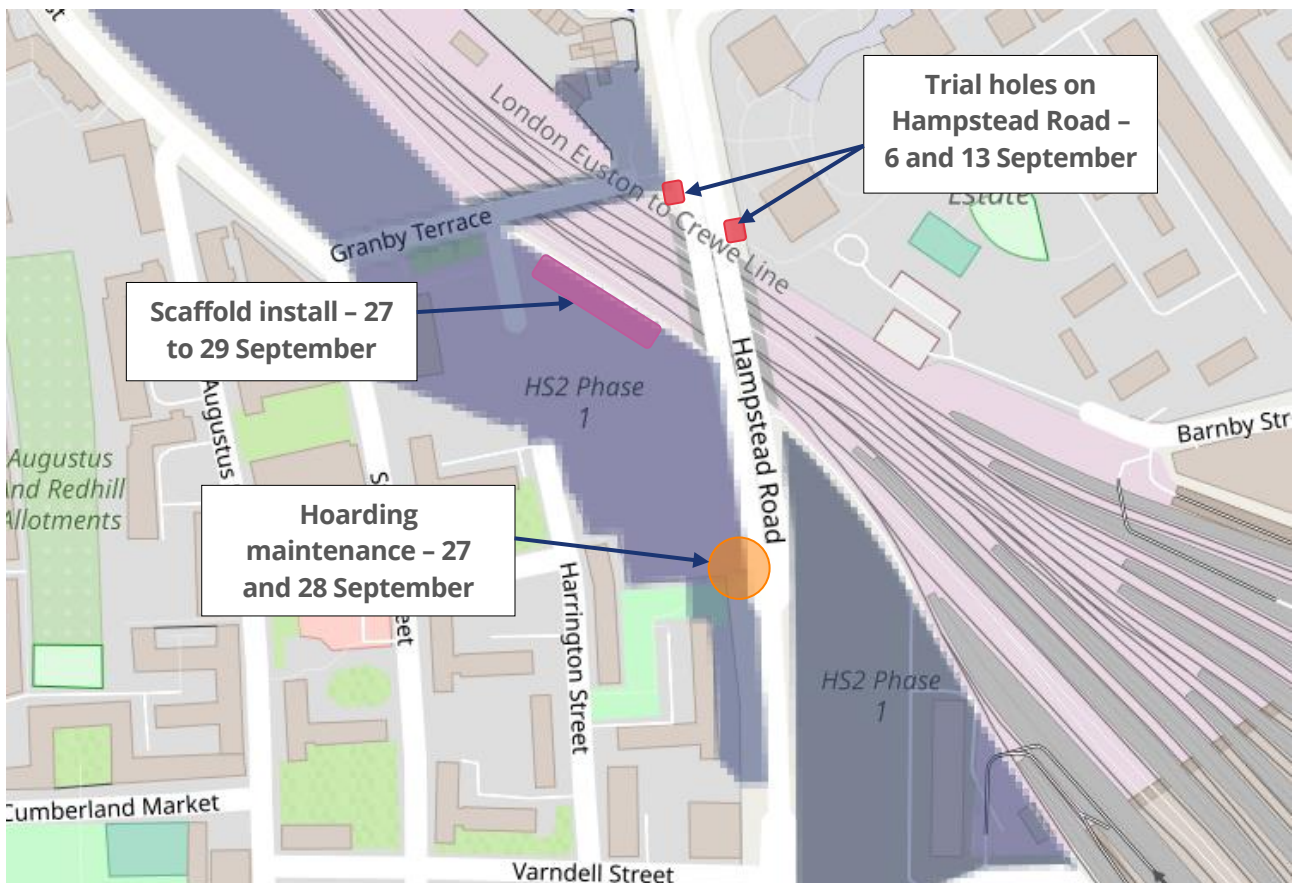

Overnight and weekend works in Euston Approaches

Ongoing surveys and monitoring at track-level within the Euston Approaches

We carry out regular surveys and monitoring of the bridges and structures within the railway cutting, to inform and assess the impact of our works. For safety, due to the location of these structures beside, above and below the railway tracks, we can only carry out these surveys when the tracks are not in use. This means we frequently carry out surveys during weekends and overnight shifts.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation
