Update: Boundary wall and drainage works at South Ruislip Vent Shaft

HS2-SCS-25-1273

Location

South Ruislip Vent Shaft site, Victoria Road, South Ruislip

Duration

Ongoing to June 2027

Monday to Friday 8am to 6pm

Saturdays 8am to 1pm

We may be on site for an hour at the start and/or at the end of each shift

What we are doing

We are building the boundary walls of the South Ruislip Vent Shaft.

We are also doing on-site drainage works.

What to expect

Residents may experience some noise and vibration. We will use noise reducing barriers and water sprays to reduce dust.

We apologise for any inconvenience these works may cause.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Additional information

We are continuing to build concrete boundary walls and are installing security fences on them. Once the western boundary wall and fencing is complete, we will move the hoarding back to its original position. The western boundary wall will be completed by June 2026, we will then continue works on the eastern, southern and northern boundary walls until June 2027.

Drainage works on site are ongoing. These works include ground excavation and installation of pipes and manholes. We are working on phase 2 and expect to start phase 4 from late March 2026. Phase 3 is currently on pause due to other works on site. The locations of the works and phases are shown on the map below.

Where we will be working

Drainage phase 1: Completed

Drainage phase 2: February to April 2026

Drainage phase 3: Paused

Drainage phases 4: March to May 2026
