Update: Boundary wall and drainage works at South Ruislip Vent Shaft

HS2-SCS-26-2452

Location

South Ruislip Vent Shaft site, Victoria Road,
South Ruislip

Duration

Ongoing until 30 July 2027

Core hours: Monday to Friday, 8am to 6pm
Saturdays, 8am to 1pm

From 1 September until 21 September
2026, we will be working extended hours
including overnight and weekends.

Further details of working hours on the
next page.

What we are doing

Building the boundary walls and installing
drainage

What to expect

Some noise from excavators, handheld
tools, and vehicle movements. We will use
noise reducing barriers where possible.

We are committed to keeping you informed
about work on HS2. This includes ensuring
you know what to expect and when to expect
it, as well as how we can help you. Should you

Update on boundary walls

We wrote to you in July 2026 to let you know about boundary wall and drainage works at the South Ruislip Vent Shaft. We previously advised that work on the southern boundary wall would restart on 17 August 2026. Due to a change in our programme, this work will now restart on 1 September and continue until February 2027.

For safety reasons, some of the activities must be carried out overnight when trains are not running. We anticipate the following additional hours will be needed:

- We will work continuously from 7pm Tuesday 1 September to 7am Friday 4 September
- We will work continuously from 7pm Friday 11 September to 7am Monday 14 September
- We will work continuously from 7pm Friday 18 September to 7am Monday 21 September

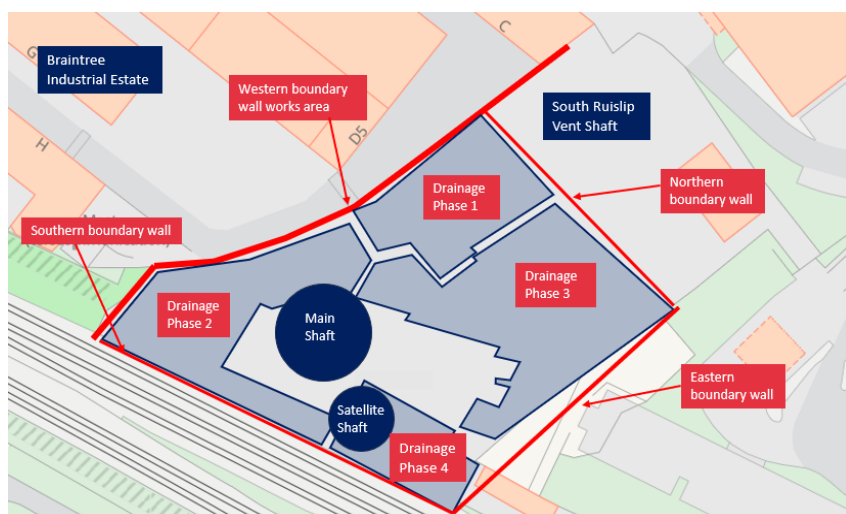

Work on the western boundary wall will be completed in November 2026. We will then continue to work on the eastern and northern boundary walls until June 2027.

Drainage works on site are ongoing until July 2027

To support other priority activities on site, the drainage works programme has been adjusted and will continue alongside other construction activities until July 2027.

Where we will be working
