

Notice of abnormal load deliveries A413 Wendover Green Tunnel

October 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain, if you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

We will have two large tunnel segments delivered along the A413 for the construction of the Wendover Green Tunnel, overnight in mid October.

Due to the size of the precast tunnel segments (4.5m in width), they are classed as abnormal loads. These will be delivered to the Wendover bypass.

To safely deliver these tunnel segments, temporary overnight 3 and 2 way traffic management on the A413 will be set up at the Railway bridge and Small Dean Viaduct. The abnormal load delivery route is shown in the map below.

When will these works take place?

The abnormal loads will be completed overnight from **Tuesday 14 October to Wednesday 15th October**, from **8.30pm to 5.30am**.

Associated temporary traffic management, will in place as shown below:

- A413 Railway bridge with 3 way traffic lights
- A413 Small Dean Viaduct with 2 way traffic lights

A delivery is made subject to road and weather conditions.

These dates may be subject to change due to circumstances outside of our control but will be completed on or around the timings specified.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Notification

Duration of works

Overnight abnormal load deliveries from 14 October – 15 October 2025, 8:30pm to 5:30am.

What to expect

Off-peak temporary 3 and 2 way traffic management for the delivery of the Wendover Green Tunnel segments.

Abnormal loads will normally be delivered subject to normal road and weather conditions.

What we will do

Respond promptly to any complaints we may receive and action accordingly.

Manage any noise or traffic impacts.

Notice of abnormal load deliveries A413 Wendover Green Tunnel

www.hs2.org.uk

What route will be used to deliver the Wendover Green Tunnel segments?

The precast tunnel segments will be delivered via the M40, where they will exit at Junction 2 Beaconsfield, for the A355 heading north. They will then continue their journey north on the A413 to be delivered to the Wendover bypass.

The map below shows the delivery route and location of the temporary traffic management:

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' and Construction Commissioner

The independent Residents' and Construction Commissioner oversees and monitors our **community engagement strategy**, making sure we fulfil our commitments to you.

The commissioner monitors the way we manage and respond to complaints about construction and advises members of the public how to make complaints.

The commissioner helps settle disputes involving individuals and organisations that we can't resolve.

You can find the commissioner's report and our responses at:
www.gov.uk/government/collections/independent-hs2-commissioner

The commissioner can be contacted on:
hs2commissioner@dft.gov.uk

Property and compensation

You can find out all about HS2 and properties along the route by visiting:
www.gov.uk/government/collections/hs2-property

Find out if you're eligible for compensation at:
www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team.

For more details on our complaints process, please visit our website: www.hs2.org.uk/contact-us/how-to-complain

Reference number: HS2-EKFB-25-1401
