

Abnormal load deliveries, A361 southbound to Chipping Warden

November 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain, if you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

The green tunnel at Chipping Warden consists of precast concrete segments, which are manufactured offsite in a UK factory. They fit together to form the arches of the tunnel. Our standard size segments follow our published delivery route from the M40.

On occasion, larger sections require an alternative route, suitable for abnormal loads. This route is illustrated in the map on the next page.

Some abnormal loads will come under Police escort for part of their journey from Daventry, via the A361 southbound. There may be some short delays, please follow the directions of the Police escort.

When will these works take place?

These sections will be delivered on weekdays as required until the completion of the green tunnels.

This is subject to local authority consents and approvals.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' and Construction Commissioner

The independent Residents' and Construction Commissioner oversees and monitors our **community engagement strategy**, making sure we fulfil our commitments to you.

The commissioner monitors the way we manage and respond to complaints about construction and advises members of the public how to make complaints.

The commissioner helps settle disputes involving individuals and organisations that we can't resolve.

You can find the commissioner's report and our responses at:
