

Notice of closures on Hams Lane

October 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

Traffic management on Hams Lane

We will be undertaking lane closures on Hams Lane, Coleshill over a 5-week period, in two separate phases, to carry out utility works on the roadside verge.

During the first phase of work, a series of single lane closures will be controlled with two-way traffic lights. During the second phase of work, this will require a full two-day closure of Hams Lane. This will be followed by a second series of single lane closures, controlled by two-way traffic lights.

When will the work take place

These single lane and full closures will be implemented from **9.30am-4.30pm** each weekday over the following period:

- **Monday 20 October 2025 to Friday 14 November 2025** (two-way traffic lights) (not including weekends)
- **Wednesday 26 November 2025 & Thursday 27 November 2025** (full closure)
- **Monday 1 December 2025 to Friday 5 December 2025** (two-way traffic lights)

Please note that we have planned the single lane closures on Hams Lane, Coleshill to avoid peak traffic flow periods.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
