

Notice of abnormal load deliveries, North Chilterns Area

HS2-EKFB-25-1491

Location

A413, Wendover

Duration

November 2025 – late 2026

What we are doing

As part of the main construction works for the Wendover Green Tunnel and the associated HS2 bridges in the Wendover area, we will be expecting multiple abnormal load deliveries along the A413.

What to expect

Off-peak temporary traffic management for the delivery of large components for structures.

Abnormal loads will normally be delivered overnight on weekdays subject to normal road and weather conditions.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Additional information

Due to the size of these components, they are classed as abnormal loads. To safely deliver them to the EKFB site compounds, temporary off-peak traffic management on the A413 will be set up at the Railway bridge at Little Kingshill and near the Small Dean Viaduct.

Where we will be working

Deliveries will commence from the M40, exiting at Junction 2 Beaconsfield, for the A355 heading north. They will then continue their journey north to the Wendover area.

The map below shows the delivery route and location of the temporary traffic management. Please note that the traffic management may vary depending on the requirement of the abnormal load delivery.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
