Works in Euston Approaches January to summer 2026

December 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

No works from 25 December to 4 January 2026

We have planned our programme to avoid works over the Christmas period. We will not work on site or on the Network Rail tracks from **25 December to 4 January inclusive**, other than for essential maintenance or emergency works. Our site security team will be present as usual.

Overnight and weekend working – January 2026

We are continuing our works for the Network Rail wall removal in the Euston Throat area.

Due to the proximity of the wall to the live railway, and the associated risk of debris falling on the tracks, we have installed scaffolding to allow us to complete this work safely during our core hours.

We will work overnight as required to reduce the height of the scaffold, as we lower the wall. We can only carry out the scaffolding works when the rail tracks below are not in use. We have chosen the quietest methods possible for this work to reduce impact to neighbours.

We will work **overnight** on Saturdays and Sundays, **9pm to 9am** on the following dates:

- Saturday 17 January 2026
- Sunday 25 January 2026
- Saturday 31 January 2026

We will also work overnight on **Saturday 17 January 2026**, to move some materials next to the Network Rail tracks, in Camden Cutting north. For safety, and due to the location of these works, we can only carry out this activity when the tracks are not in use.

We apologise for any disruption these works may cause.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk

Duration of works

Weekend works:

17, 25, 31 January 2026

9pm to 9am (overnight)

Overnight CCTV survey on Parkway 15 January – 8pm to 6am

What to expect

No works over Christmas period.

Weekend working in January

What we will do

Use acoustic blankets during noisier works to reduce the impact

Monitor our works to ensure we are working within approved noise limits

Provide updates at HS2inCamden.co.uk

Works in Euston Approaches January to summer 2026

www.hs2.org.uk

Ongoing works

We will continue with works to move utilities away from Hampstead Road ahead of the Hampstead Road bridge extension works. This will involve various lane closures on Hampstead Road and Stanhope Street, as well as diverting utilities across Granby Terrace bridge. We expect to complete these works by Summer 2026.

We will continue to remove a section of the Network Rail retaining wall, which is at track level between Granby Terrace bridge and Hampstead Road bridge. We will complete these works in Spring 2026.

Hampstead Road bridge enabling works

We need to extend Hampstead Road bridge to pass over the newly excavated and extended railway cutting. We will build a temporary road to the east of Hampstead Road, over the area known as Zone 5 to maintain uninterrupted traffic flows on Hampstead Road while we complete this work. We need to install piles throughout Zone 5, to support the temporary road which will be in place for approximately two years. Ahead of this, **from 1 April 2026**, we will set up the site, including installing our site office and welfare building with connections to mains power.

During the construction of the temporary road and the extension of the bridge, we will need to fully close Hampstead Road on three occasions, with each closure lasting approximately four weeks. We will engage with businesses, local residents and the wider community well in advance of these closures.

Parkway utility works

We need to divert and protect the utilities beneath Parkway before we begin tunnelling in 2027. From February to September 2026, we will close lanes, footpaths, and suspend parking bays on Parkway, Albert Street and Delancey Street. We will carry out this work in phases throughout 2026 to reduce the impact on local traffic, residents and businesses. On **15 January, from 8pm to 6am** we will need to complete an overnight CCTV survey of several manholes on Parkway to inform our design. We will close the middle southbound and northbound lane. You may notice periods of increased noise whilst we use a high powered jet to clean the manholes. We may need to work the following night as a contingency.

Works restarting in Euston Scissor Box

Following the HS2 programme reset earlier in 2025, we will now restart works at track-level to build the foundations and other support structures for the Euston Scissor Box. We are also completing work to protect the Network Rail retaining wall, ahead of major excavations beginning in 2027. From **Monday 26 January**, we will install a tower crane in Euston Scissor Box area. The tower crane will be delivered in parts and put together onsite using a large mobile crane. We expect these works will take three days and may require additional weekend working on **Saturday 31 January** and **Sunday 1 February**, from **8am to 5pm**, while the tracks are not in use. We cannot build the tower cranes in poor weather conditions. If works cannot be completed during this week due to poor weather conditions, we may need to work the following week and weekend as contingency.

Parking bay suspensions on Mornington Terrace

We will suspend 2 parking bays on Mornington Terrace (see map on next page) from **5 January to March 2026** whilst we carry out works to 57 and 58 Mornington Terrace.

UKPN utility works – Barnby Street

From **6 January to 27 February**, UKPN will be completing utility connections on Barnby Street. This work will be done in phases and will include lane closures and parking bay suspensions. Access to Amptill Estate will be maintained at all times.

Planned engagement updates – 2026

Euston Partnership Newsletter	Spring 2026
Construction update online events	March 2026
Rooftop guided tours	March 2026
Construction update web materials	June 2026
Construction update online events	September 2026
Rooftop guided tours	September 2026
Drop-in session at Euston Hub	October 2026
Construction update web materials	December 2026

Please sign up to [HS2 in Camden](#) and our text messaging service (see below) to receive further updates on these events and details on how to register.

New text messaging service

We are launching a new SMS messaging service within the Euston Approaches to share information on our planned works, changes or delays to works, and extended working hours.

We will use our SMS messaging service as an additional communication method to keep residents informed about our works and improve engagement. We will also continue to engage with residents using our regular notices and information on the HS2 website. Each text message will contain a short summary of the key information and a link to the full update on the HS2 website.

Should you wish to receive our SMS updates please complete a short online form [here](#) by providing your name, contact number and street name. You will be able to unsubscribe at any time by following the link provided in each SMS.

We will use a secure platform that meets the highest data protection and security standards.

Your information will only be used to send updates about SCS JV works and will be handled in accordance with strict data protection policies.

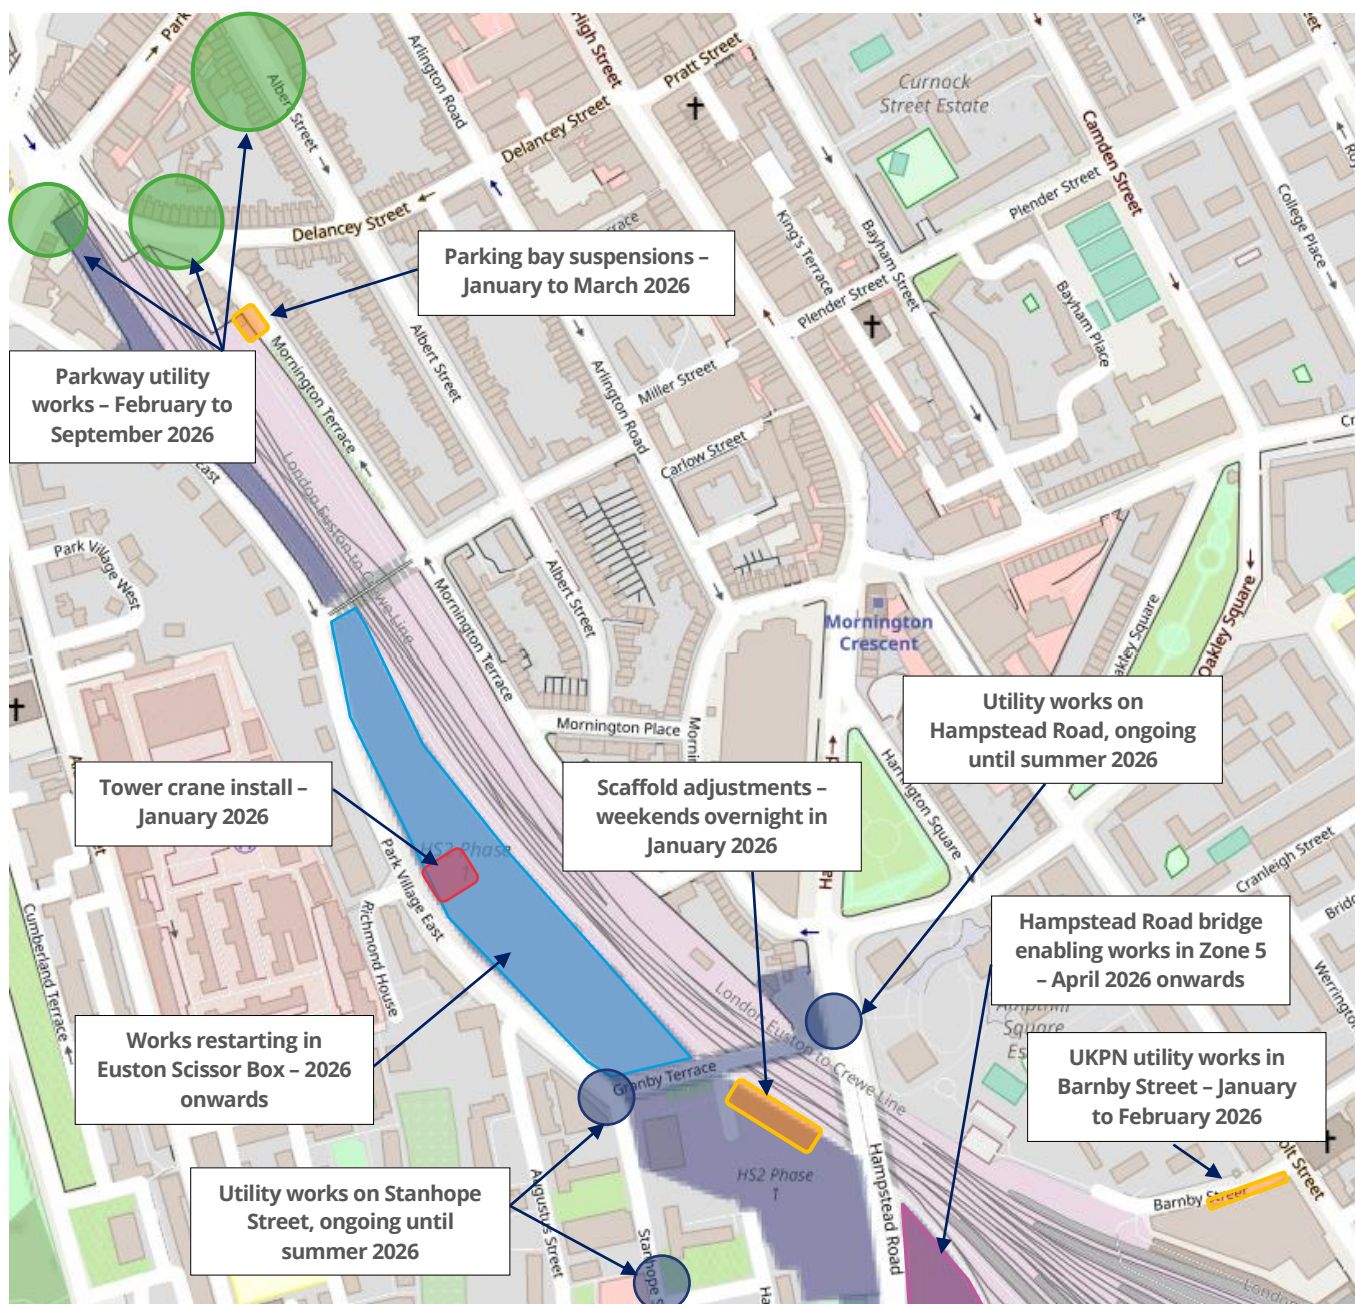

For further information on what you can expect from us when we ask for, or hold, your personal information, or what we ask from you to help us keep your information up to date, please refer to our Privacy Notice at the following link <https://scsjv.co.uk/privacy-notice/>

Good news stories for 2025

In 2025, we delivered and supported a number of projects to multiple community groups within the Camden area.

In January 2025, our team volunteered with Groundwork UK at Fitzrovia Community Centre, supporting painting and gardening works to improve the Warren Centre and surrounding outdoor space.

Throughout the year, we have provided continuous support to Global Generation through the delivery and install of scaffolding to facilitate the build of two structures at their new site, the Triangle Garden. We also ran several donation drives to collect children's clothing and baby items for Little Village on Hampstead Road, and donated materials to the Third Age Project along with hand-built wooden planters to Regent's Park Children's Centre. In an attempt to keep the area tidy, we also organised a summer litter pick in Regent's Park Estate with SCS and HS2 employees.

To end the year, we volunteered at the Third Age Project's Christmas Party at the Euston Community Hub. Our catering supplier Bon Appetit kindly provided a cold Christmas buffet for the event which was a great success for all those that attended.

We also signposted and supported Camden Highline and Honest Grind Coffee in applications for HS2 CEF funding which were successfully awarded. If you would like more information on this funding please reach out to us at communities@scsrailways.co.uk. More information on these funding opportunities can be found at www.hs2funds.org.uk.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation

You can find out about HS2 and properties along the route by visiting: www.gov.uk/government/collections/hs2-property

Find out if you can claim compensation at: www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting the HS2 Helpdesk. For more details on our complaints process, please visit:

www.hs2.org.uk/in-your-area/contact-us/how-to-complain/
