# Notice of 24-hour works at Mandeville Road site

**HS2-SCS-26-1645**

## Location

Mandeville Road Vent Shaft, Northolt

## Duration

9 February to 16 October 2026

These works will be 24 hours a day, 5 days a week, Mondays to Fridays.

## What we are doing

Building reinforced concrete walls at the bottom of the main shaft, 23 metres below ground level.

## What to expect

You may notice staff on site, light from works within the shaft and mechanical noise from crane activities.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

### Additional information

We will build reinforced concrete walls at the base of the main shaft. Materials will be lowered to the work area via the tower crane, during the day and at night. Hand tools, including drills, will be used to build the walls.

During the day and night shifts most of the works will be below ground. Above ground, you may notice the presence of staff around the site and mechanical noises from cranes as they support the site activities. You may also notice additional lighting on our site during the night. We will deliver concrete to site during the day.

### Where we will be working

The map below shows the location of these works.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

### Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: [www.hs2.org.uk/how-to-complain](http://www.hs2.org.uk/how-to-complain)

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
