## Additional information

Between Thorpe Mandeville and Culworth we are building the Lower Thorpe viaduct.

We have erected a platform above the road to install the deck, on which the railway track will be laid. Following a series of short road closures last year a longer closure of Banbury Lane is required to build the deck and ensure safety while we work over the road.

A signed diversion will be in place using the recently opened section of Greatworth Temporary Road, as shown in the map below.
