Utility works around Parkway – February to August

January 2026 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Parkway utility works – February to August

We need to protect and divert utility services beneath Parkway junction and in the surrounding area before we begin tunnelling. From February to August, we will carry out utility works on the sewers, water mains and power cables on Parkway, Albert Street and Delancey Street. In autumn 2026, we will return to Parkway to complete protective works to the Cadent Gas main.

Utility trial holes (gas main)– 16 February to 6 March

On **16 February** we will carry out trial hole surveys to help inform the design of the gas works. The trial hole will be done in two phases on Parkway, closing the west side lane in the first phase, and the middle lane in the second phase. We expect to complete these works by 6 March.

We will provide more information on the Cadent Gas works closer to the time.

Overnight lane closure on Parkway (sewer works)

We will survey the sewer beneath Parkway using CCTV equipment. This was initially planned for 15 January, but has been postponed until February, we will update you when the date is confirmed. Depending on the outcome of the survey, we may need to return to this location in April to line a section of the sewer. These works will not be noisy, as we will access the sewer via existing manholes in the road. We will carry out these works overnight to reduce the impact on traffic.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk

Duration of works

16 February to 6 March
– Trial hole (Parkway)

February – TBC
Overnight CCTV survey
(Parkway)

February to May
(Delancey Street and
Parkway)

April TBC – Overnight
works (Parkway)

May to June (Albert
Street)

June to August
(Parkway)

What to expect

Road closure at
junction of Delancey
Street and Mornington
Terrace

Lane closures

Parking bay
suspensions

What we will do

Keep noise to a
minimum

Coordinate works to
mitigate impact on local
roads

Provide updates at

Utility works around Parkway – February to August

Notification

www.hs2.org.uk

Utility works (UKPN cable route) on Delancey Street and Parkway – February to May

On **16 February**, we will begin works to divert a section of the UK Power Networks cable route on Delancey Street and Parkway. We will carry out the work in phases starting on Parkway before moving on to Delancey Street. We will require lane and footway closures and parking bay suspensions.

We will close a section of the southbound lane on Parkway between Prince Albert Road and Gloucester Avenue. **There will be no right-turn from Parkway onto Prince Albert Road.** Traffic will be diverted via Gloucester Avenue, Regents Park Road and St. Marks Square. We will work in two phases in this area. The first phase will start on 16 February and we expect it to take four weeks. We then return on 21 April to complete the second phase which we expect to take two weeks to complete.

From 10 March, we will work in the southern lane of Delancey Street and will close the road at the junction of Delancey Street and Mornington Terrace for about two weeks. Traffic will be diverted via Mornington Street, Albert Street and Delancey Street. We will also temporarily relocate the bus stop Delancey Street closer to Albert Road.

We will then switch to the northern lane on Delancey Street, the bus stop will remain in the temporary location. We expect to complete these works by the end of May 2026.

Utility works (water main) on Albert Street – May to June

On **20 May**, we will replace a small section of pipework and install monitoring equipment on the Thames Water main at the northern end of Albert Street. We will narrow the lane and suspend parking bays at the northern end of the street for about five weeks. We will provide more information about these works closer to the time.

Lane closure on Parkway (water main) – June to August

Starting on **23 June**, we will install monitoring equipment on a section of the Thames Water main beneath Parkway.

We will close a section of the left northbound lane and footway between Prince Albert Road and Gloucester Avenue. The left turn from Parkway onto Gloucester Avenue will be maintained. Please note, there will be periods of increased noise as we excavate the road to access the water main. We expect these works will take about six weeks. We will use acoustic blankets to limit the noise.

We will then connect and activate the monitoring equipment. We will reduce the traffic management in the northbound lane and footway. We expect these works will take about two weeks.

See map on next page for an overview of the upcoming utility works on and around Parkway.

New text messaging service

We are launching a new SMS messaging service within the Euston Approaches to share information on our planned works, changes or delays to works, and extended working hours.

We will use our SMS messaging service as an additional communication method to keep residents informed about our works and improve engagement. We will also continue to engage with residents using our regular notices and information on the HS2 website. Each text message will contain a short summary of the key information and a link to the full update on the HS2 website.

Should you wish to receive our SMS updates please scan the QR code on the right and complete the short online form by providing your name, contact number and street name.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation

You can find out about HS2 and properties along the route by visiting: www.gov.uk/government/collections/hs2-property

Find out if you can claim compensation at: www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting the HS2 Helpdesk. For more details on our complaints process, please visit: www.hs2.org.uk/in-your-area/contact-us/how-to-complain/
