

# Victoria Road Crossover Box site plantroom piling works

**HS2-SCS-26-1629**

## Location

Victoria Road Crossover Box site, North Acton, London

## Duration

Monday 2 February to  
Friday 27 February 2026  
7am to 6pm

## What we are doing

We will be drilling and installing reinforced concrete piles into the ground. This work helps strengthen the ground and provides solid foundations for future plantroom construction (a plantroom is a building containing electrical and other systems).

## What to expect

You may experience some daytime noise from the excavator, piling rig and crane, as well as general construction noise from concrete pours and other site activities.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

## **Additional information**

We will be working between 7am and 6pm, although our teams maybe be on site for up to an hour before or after these times to safely set up and close down. Where possible and if required, we will use noise reducing barriers and dust suppression measures to help minimise any disruption.

## **Where we will be working**

The map below shows the location of the piling works to the northwest section of the Victoria Road Crossover Box site.

## **Holding us to account**

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: [www.hs2.org.uk/how-to-complain](http://www.hs2.org.uk/how-to-complain)

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
