Update – Euston Approaches utility works

HS2-SCS-26-2036

Location

Hampstead Road close to Cardington Street,
Varndell Street and Robert Street.

Duration

Ongoing till October 2026

What we are doing

Utility diversion works and trial holes

What to expect

Footpath and lane closures on Hampstead
Road near Robert Street, Varndell Street and
Cardington Street.

Varndell Street closed since 2 March.

Monitoring of our works to ensure we are
working within approved noise limits.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Freephone **08081 434 434**

Minicom **08081 456 472**

Footpath and cycle lane closure on Hampstead Road, south of Robert Street – until 1 May

We are continuing with our trial hole in the western footpath on Hampstead Road, south of Robert Street. We have partially closed the footpath, and pedestrians are being diverted around the closure. After this phase, we'll close the northbound cycle lane to complete the second phase of the trial hole. Pedestrian access will be maintained during the second phase. We'll hand dig, survey, and reinstate the area. We expect these works to be completed by **1 May**.

Works by utility service provider in Euston Approaches

Various utility service providers are currently working within our site, as well as on Hampstead Road, Lidlington Place and Stanhope Street to complete the final connections and energise their networks.

We previously notified you that UK Power Networks (UKPN) will be working in the northbound carriageway and the northbound footpath on Hampstead Road, south of Varndell Street, from 23 March. The northbound lane and footpath on Hampstead Road will remain closed until **8 May**, with pedestrians diverted across to the eastern footpath.

For more information on these works, please see our previous notice [here](#).

Southbound cycle lane and footpath closure on Hampstead Road, south of Cardington Street – 4 May onwards

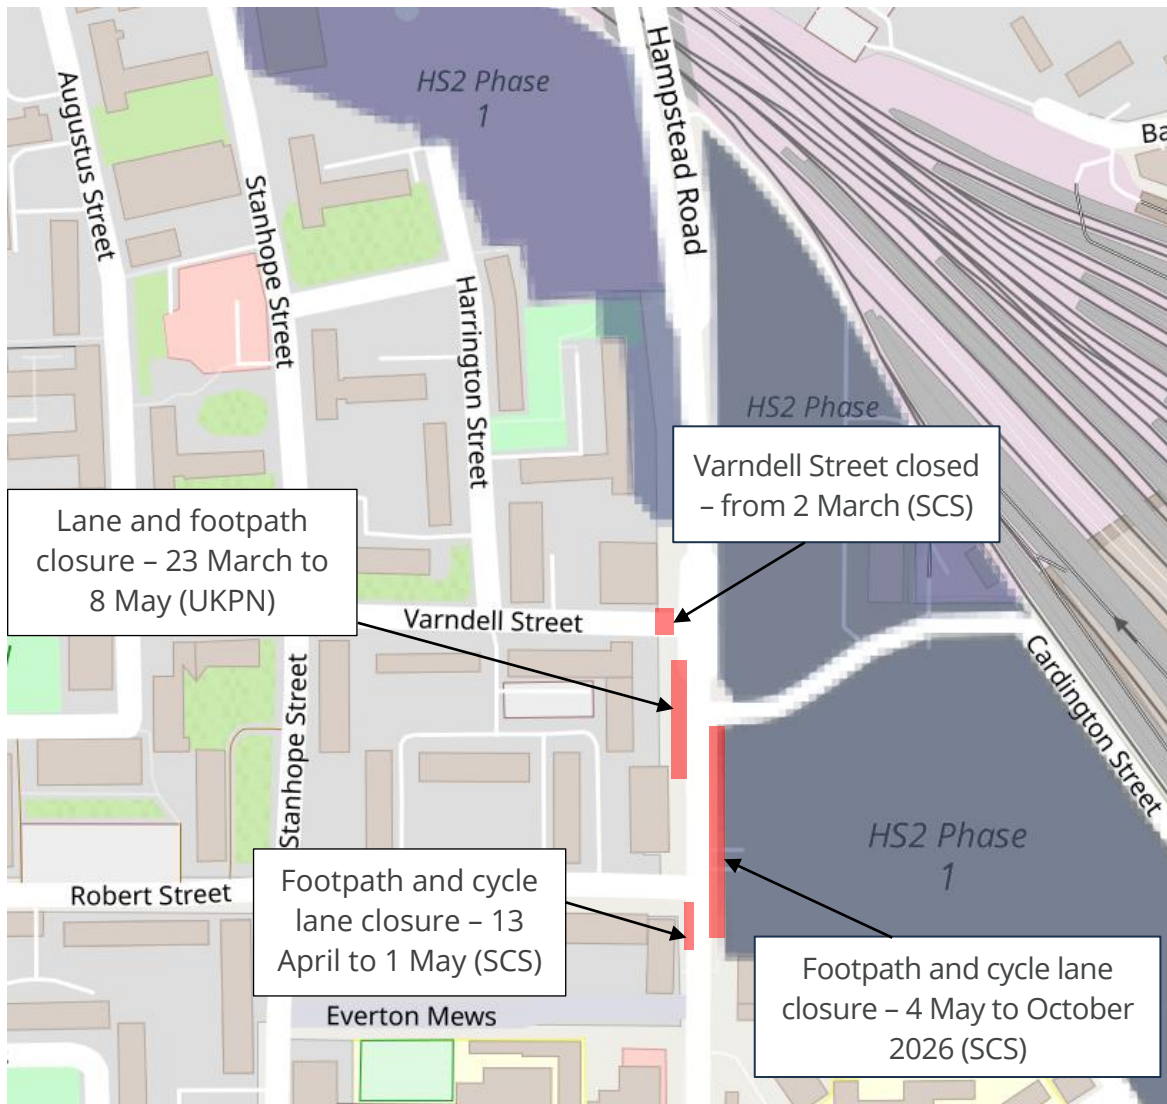

In preparation for Mace Dragados' (MDjv) Western Utility Road programme, which will run parallel to Hampstead Road (within site), we need to construct some British Telecommunications (BT) chambers in the southbound cycle lane and footpath. We will start these works on **4 May** and will continue until October 2026. Cyclists and pedestrians will be diverted around the closure. We apologise for the inconvenience these works may cause.

Euston Approaches text messaging service

We have launched a new SMS messaging service for the Euston Approaches to share information on our planned works, changes or delays to works, and extended working hours. Each text message will contain a short summary of the key information and a link to the full update on the HS2 website.

Should you wish to receive our SMS updates please complete a short online form which can be found here <https://forms.office.com/e/U35Yjvy1ed> by providing your name, contact number and street name. You will be able to unsubscribe at any time by following the link provided in each SMS.

Map of utility works

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
