Update – Euston Approaches utility works

HS2-SCS-26-2109

Location

Hampstead Road close to Cardington Street,
Varndell Street and Robert Street.

Duration

Ongoing till October 2026

What we are doing

Utility diversion works and trial holes

What to expect

Footpath and lane closures on Hampstead
Road near Robert Street, Varndell Street and
Cardington Street.

Varndell Street at junction of Hampstead
Road closed since 2 March.

Monitoring of our works to ensure we are
working within approved noise limits.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Partial footpath and cycle lane closure on Hampstead Road, north of Robert Street – 26 to 30 May

We previously informed you that these works will start on **11 May**. The work will now begin on **26 May**. We will dig a trial hole in the western footpath on Hampstead Road, north of Robert Street. We will partially close the footpath and cycle lane, and pedestrians and cyclists will be diverted around the closure. We'll hand dig, survey, and reinstate the area. We expect these works to be completed by **30 May**, we may work on Saturday 30 May from 8am to 1pm, to reinstate the area and remove the traffic management. We apologise for the inconvenience these works may cause.

Works by utility service provider in Euston Approaches

Various utility service providers are currently working within our site, as well as on Hampstead Road, Lidlington Place and Stanhope Street to complete the final connections and energise their networks.

UK Power Networks (UKPN) will be working in the southbound carriageway and the southbound footpath on Hampstead Road, opposite Varndell Street, from **4 May to 5 June**. Pedestrians will be diverted across to the western footpath.

Southbound cycle lane and footpath closure on Hampstead Road, south of Cardington Street – 4 May onwards

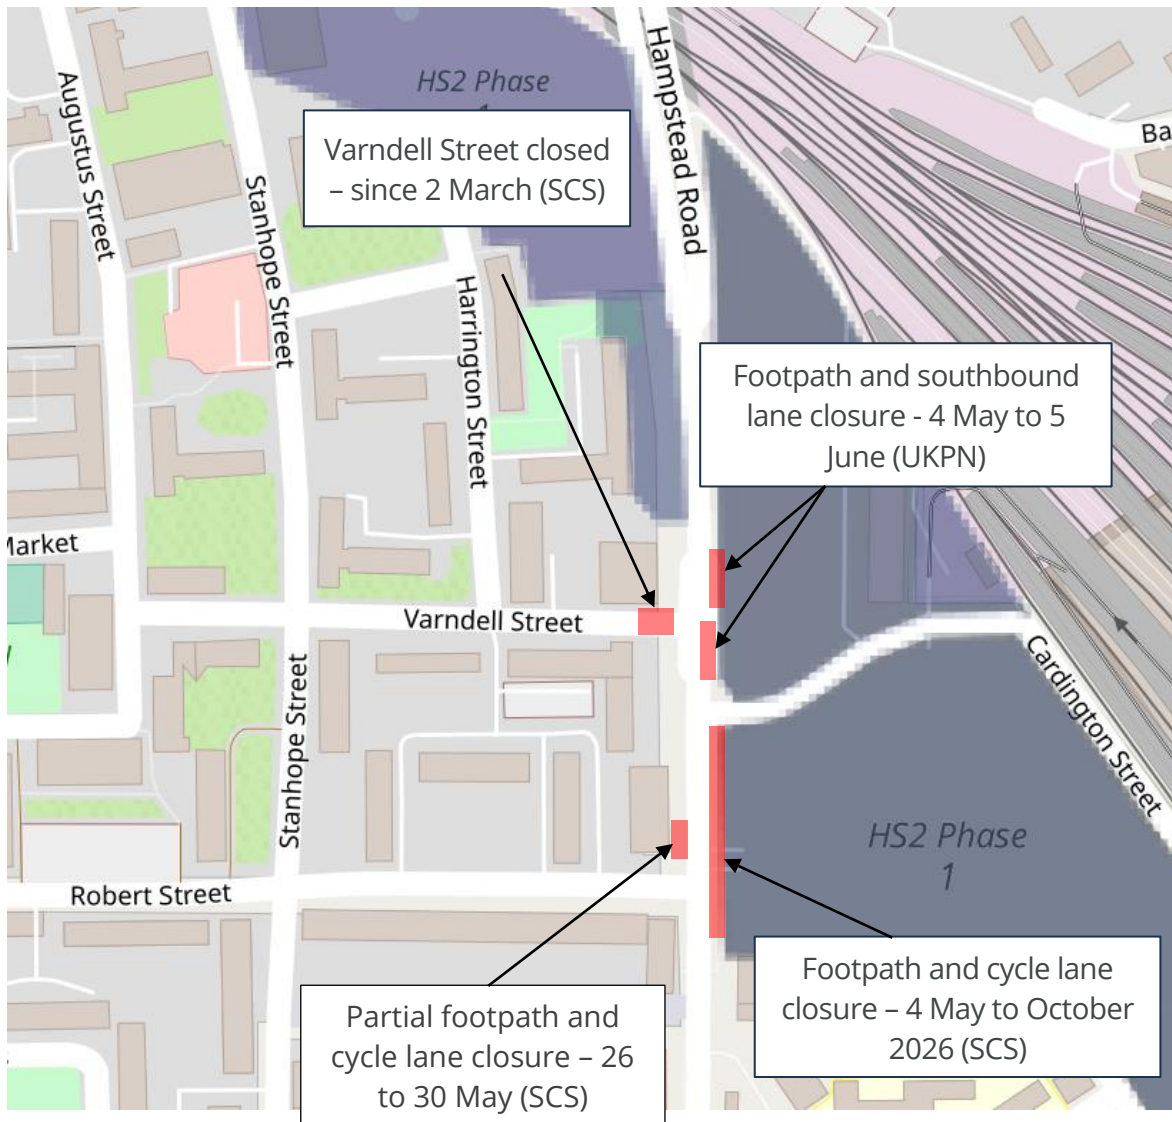

In preparation for Mace Dragados' (MDjv) Western Utility Road programme, which will run parallel to Hampstead Road (within site), we need to construct British Telecommunications (BT) chambers in the southbound cycle lane and footpath. We'll start these works on **4 May** and will continue until October 2026. Cyclists and pedestrians will be diverted around the closure. We apologise for the inconvenience these works may cause.

Euston Approaches text messaging service

We have launched a new SMS messaging service for Euston Approaches to share information on our planned works, changes or delays to works, and extended working hours. Each text message will contain a short summary of the key information and a link to the full update on the HS2 website.

Should you wish to receive our SMS updates please complete a short online form which can be found here <https://forms.office.com/e/U35Yjvy1ed> by providing your name, contact number and street name. You will be able to unsubscribe at any time by following the link provided in each SMS.

Map of utility works

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
