Installation of Tower Cranes in Euston Scissor Box

We previously informed you that we need to install a tower crane in January 2026 to facilitate works restarting in the Euston Scissor Box. Unfortunately, due to weather conditions and supplier availability, this has now been rescheduled to 23 March 2026 along with the installation of our second tower crane which was scheduled for spring 2026.

The tower cranes will be delivered in parts via our main site entrance on Hampstead Road and built onsite using a large mobile crane. For safety reasons, these parts need to be transported during early morning to avoid peak traffic hours. The construction of the tower cranes will take place during core working hours. We expect the installation of both tower cranes to take around five days, however we may need to work the following week as contingency.

If we need to reschedule these works again due to weather conditions, we will provide an update as soon as possible.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
