

Notice of Works on Eversholt Street

HS2-EUS - SCP-26-1971

Location

Eversholt Street

Duration

From **late April 2026** on going intermittently

What we are doing

We wrote to you in December 2025 (reference number: HS2-EUS - SCP-25-1558) to notify you of ongoing essential utilities works in the area. From April 2026 we will begin essential utility relocation and diversion works on Eversholt Street.

What to expect

Working hours are **Monday to Friday, 8:00am to 6:00pm**. Start-up and close-down activities up to one hour before and after these times. Work may also take place on **Saturdays and Sundays between 8:00am and 6:00pm**. Occasionally, it may be necessary to work at **night between 10pm and 5am** for work that cannot be carried out during the daytime and to limit impact to commuters.

Please note that changes to the programme may occur and we will continue communicate changes

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Freephone **08081 434 434**

Minicom **08081 456 472**

Email **HS2enquiries@hs2.org.uk**

Phasing and Programme Approach

From April 2026, we will begin utility relocation and diversion works along Eversholt Street as part of these ongoing activities. These works are required to support future construction and ensure existing services are safely maintained. To facilitate this, we will install new pipework and excavate a series of utility connection points along Eversholt Street. These will act as access and connection locations for new and diverted utilities.

The table below sets out the initial phases of works on Eversholt Street. Utilities works is ongoing in the local area and we will continue to write to you with further updates as the programme develops.

Details of initial phases

Phase	Location	Duration
Work site 1 (W1)	Eversholt Street, opposite Euston Station	Up to 4 weeks
Work site 2 (W2)	Eversholt Street – adjacent to Lancing Street	Up to 4 weeks
Work site 3 (W3)	Eversholt Street - adjacent to Doric Way	Up to 4 weeks

Please note that changes to the programme may occur and we will continue communicate changes

What to expect

During all phases, there will be no access to Euston Road from Eversholt Street.

Eversholt Street will be closed to southbound traffic, two-way temporary traffic lights, pedestrian footpath diversions with bus stop suspensions – please plan ahead using the TfL Journey Planner or the TfL Go app and check before you travel by visiting the TfL Status updates page. To find alternative bus stops please visit: www.tfl.gov.uk/maps/bus

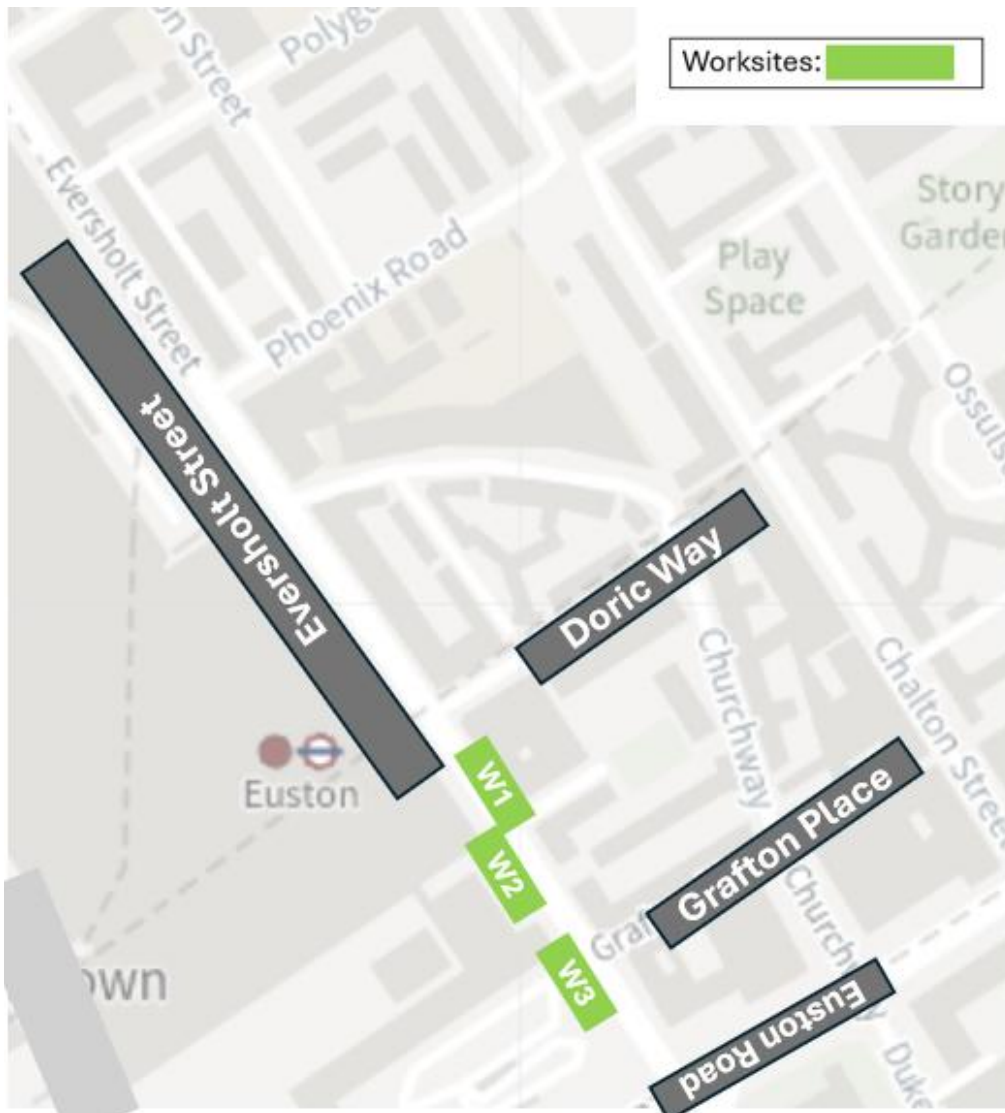

We recognise that construction activity can be disruptive for those who live and work nearby. Due to the nature of these works, there may be periods of increased noise, particularly during excavation and concrete activities. While some disruption is unavoidable, the works will be managed within local worksites to help minimise impacts on the surrounding area. Please be assured that we are taking all reasonable steps to reduce noise and inconvenience wherever possible. Pedestrian access to properties and Euston Station will be maintained throughout

Delivery of Materials

To facilitate the delivery of materials, we will be conducting intermittent overnight deliveries between **7:00 PM and 7:00 AM**. This is necessary to accommodate vehicles that are restricted from operating on London roads during daytime hours.

Where we will be working

Please see below approximate location of works.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
