

Notice of works in your area – Euston

HS2-EUS - SCP-26-2017

Location

Euston Street, North Gower Street, Starcross Street, Cobourg Street and Main Site Works (behind our hoardings).

Duration

From **mid-May 2026 until May 2027**

What we are doing

Utility diversion on local highways and site enabling works continue behind our hoardings. Please continue to read this notice to find out more about these works.

What to expect

Working hours are **Monday to Friday, 8:00am to 6:00pm**. Start-up and close-down activities may occur up to one hour before and after these times. Occasionally, work may also take place on **Saturdays and Sundays between 8:00am and 6:00pm**. It may be necessary to work **at night between 10pm and 5am** for works that cannot be undertaken during the day due to proximity to the live railway and pedestrian flow.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Freephone **08081 434 434**

Minicom **08081 456 472**

Utility diversions - Euston Street and North Gower Street

We previously notified you (ref: HS2 EUS SCP 25 1209) of utility diversion works. From mid-May 2026, UKPN will begin duct and cable diversions to support future stages. Pedestrian access to properties and Euston Station will be maintained throughout.

Key dates and activities

Dates	Activity	Area	Traffic Management
11 th May until early June 2026	Excavation of the existing road surface and diversion of UKPN ducts, including temporary work sites. Acoustic blankets will be installed to help reduce noise impacts.	Euston Street and North Gower Street	Euston Street will be closed to vehicular traffic. North Gower Street will operate with lane reductions, and some parking bays will be temporarily suspended.
Mid- June until late August 2026	Excavation of the road surface and diversion of the water main, including temporary work sites. Acoustic blankets will be installed to help reduce noise impacts.	Euston Street and North Gower Street	Lane reductions on Euston Street; North Gower Street closed at Euston Road with no vehicle access from Drummond Street. Property and business access maintained, with some parking bay suspensions.
Late August 2026 until May 2027	Excavation and construction of sewer shafts, including temporary work sites. Acoustic blankets will be installed to help reduce noise impacts.	Euston Street and North Gower Street	Detailed traffic management arrangements will be confirmed closer to the start of this phase. We will write again in advance with further information.

Where we will be working

Additional Information

Behind Our Hoardings

Works are progressing well behind our hoardings, with Phase One of the piling programme (**Ref: HS2-EUS-SCP-26-1611**) now complete. Gas diversion works on Melton Street and Drummond Street have also been completed, including testing and commissioning.

We will soon begin constructing a new internal vehicle route within our site, running parallel to Hampstead Road and Melton Street. Decommissioning works for the former Traction Substation adjacent to Drummond Street are ongoing. Some activities will take place at night, including concrete pours between approximately **10pm and 5am**, due to the proximity of the live railway.

Cobourg Street remains closed to vehicles; however, pedestrian access to properties and Euston Station continues to be maintained.

Former Maria Fidelis School

We are progressing with refurbishment works at the site and will soon begin landscaping works on the perimeter of the building. We anticipate works will be completed late 2026.

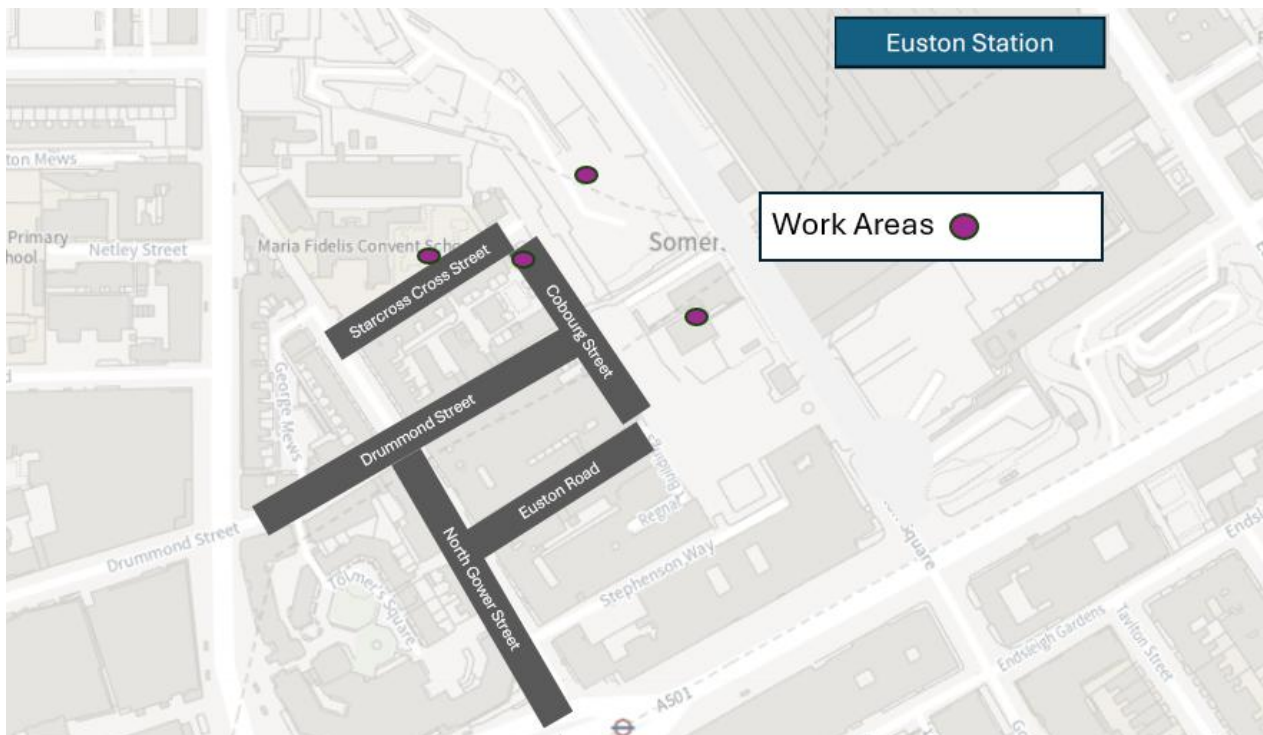

Overnight delivery of materials

To facilitate the delivery of materials, we will be conducting intermittent overnight deliveries between **7pm and 7am**. This is necessary to accommodate vehicles that are restricted from operating on London roads during daytime hours.

Staff Entrance

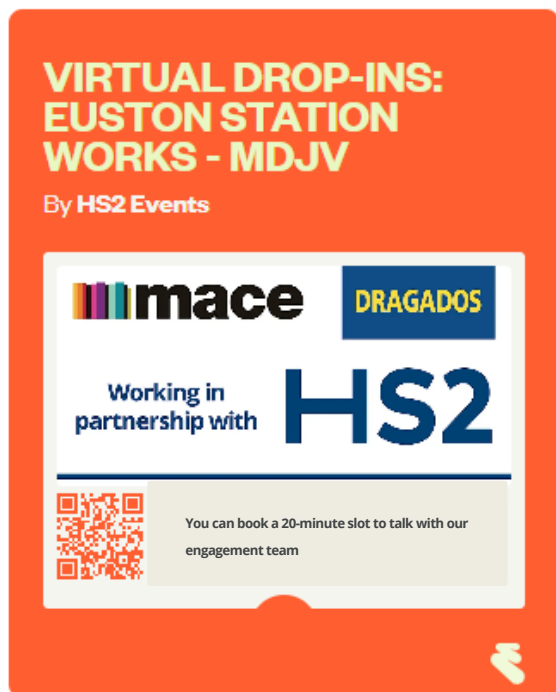

From Late May 2026 we will reinstate the staff entrance on Cobourg Street adjacent to Starcross Street.

Where we will be working

Keeping in Touch

Each month we hold virtual meetings to provide updates on works in the area. You can book a **20-minute** slot by getting in touch with us at: enquiries@macedragados.com or **scan the QR code below**.

Our Commitment

We understand that construction activity can be disruptive to those living and working nearby. Due to the nature of these works, there may be **periods of increased noise**, particularly during excavation and concrete operations. While some disturbance is unavoidable, please be assured that we are making every effort to minimise noise and inconvenience, and we remain committed to keeping you informed throughout.

Please note that changes to the programme may occur. If there are significant changes, we will write to you again. Reference Number: HS2-EUS - SCP-26-2017

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
