

# Notice of installation of monitoring equipment in Camden

**HS2-SCS-26-2060**

## Location

Various locations in Camden

## Duration

28 May to 31 August 2026

## What we are doing

We need to install ground monitoring equipment in several locations in advance of future tunnelling.

We'll install 35mm ground monitoring studs into the pavement at intervals of 5m to 10m. It will take a few minutes to install each stud. You may have seen similar studs on footpaths in your local area.

## What to expect

- You may notice some noise from drilling.
- Regular follow ups for readings.
- These works are not expected to be noisy.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Freephone **08081 434 434**

### Examples of ground monitoring equipment

Brass monitoring stud and a total station used to take measurement readings

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

### Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: [www.hs2.org.uk/how-to-complain](http://www.hs2.org.uk/how-to-complain)

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: [www.hs2.org.uk/independent-commissioner](http://www.hs2.org.uk/independent-commissioner)
