

Weekend utility works at our site entrance

HS2-OOC - SCP-26-2113

Location

Old Oak Common Station

Duration

Saturday 6 June and Sunday 7 June
Saturday 13 June and Sunday 14 June (with a contingency of Saturday 20 – Sunday 21 June)
Hours: 8am until 5pm

What we are doing

We will continue to install ducting for utilities just inside and across the main entrance to the Old Oak Common station site. This is in preparation for tunnelling into the station. This work involves using road saws to cut through tarmac, breaking the concrete (which we will do after 9am), excavating trenches, laying ducting, re-filling the trenches and then reinstating the road surface. This will then be a temporary pedestrian crossing and we will be writing to residents separately about this.

What to expect

We will not break concrete before 9am. We'll also limit concrete breaking to hourly periods. There will be noise barriers and tents around the work area. Our team will carefully handle tools and equipment.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Where we will be working

Please see map below where the work will be taking place:

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
