

Updated 10/07/2026 Overnight Central Line bridge work

HS2-OOC - SCP-26-2078

Location

Old Oak Common station site (west of Old Oak Common Lane, south of Wells House Road).

Duration

Sunday 14 June 2026 until Friday 31 July 2026. We will work Sunday to Thursdays, within the hours of 10pm to 6am when the Central Line does not run.

What we are doing

We are continuing with work to support the construction of railway bridges on land near the Central Line. Residents can expect to experience some construction noise, within the limits allowed by agreement with the local authority.

What to expect

We have to carry out these works overnight, when it is safe to do so while trains are not running. We will complete our activity as quickly as possible to reduce disruption. We will use equipment and methods which help to reduce noise. We will engage directly with residents impacted by these works. The works are described in more detail overleaf.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Where we will be working

Installing fencing and demolishing a wall

We are continuing with our work to support the construction of railway bridges near the Central Line (around 90 metres south from the rear of properties on Wells House Road).

We need to separate the area from the Central Line and our site by installing improved fencing. The work needs to be completed overnight when the Central Line is not operating. The work will involve some drilling and excavating. We then need to demolish a wing wall – a secondary retaining wall, built at an angle to hold back soil and protect it from erosion. The work to the wall involves saw cutting, which can be noisy.

Working times

- Sunday 19 July – Friday 31 July: Install / replace fencing
- All working hours within 10pm – 6am

We will be excavating the wall from the end of June through July ahead of foundation work for the bridge, but we do not anticipate significant overnight disruption. Please contact community@bbvsjv.com or the HS2 Helpdesk on 08081 434 434 or via email at HS2Enquiries@hs2.org.uk if you have any questions.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
