

Updated 03/09/2026 Overnight Central Line bridge work

HS2-OOC - SCP-26-2078

Location

Old Oak Common station site (west of Old Oak Common Lane, south of Wells House Road).

Duration

Intermittently from June 2026 until October 2026. We will work overnight, within the hours of 10pm to 6am when the Central Line does not run.

What we are doing

We are continuing with work to support the construction of railway bridges on land near the Central Line. Residents can expect to experience some construction noise, within the limits allowed by agreement with the local authority.

What to expect

We have to carry out these works overnight, when it is safe to do so while trains are not running. We will complete our activity as quickly as possible to reduce disruption. We will use equipment and methods which help to reduce noise. We will engage directly with residents impacted by these works. The works are described in more detail overleaf.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Installing temporary works

We are preparing to construct new a new railway bridge over the Central Line (around 90 metres south from the rear of properties on Wells House Road).

For this we need to install a temporary wall to support the pouring of the concrete. The work will involve some drilling and fixing, and some machinery operating to lift in the temporary wall. We will be using a crane situated within site to lift sections of the temporary wall into position near the bridge.

As we are lifting towards and next to the railway, for safety reasons we need to carry out these works overnight whilst the Central Line is not operating. We have been continually updating this notification as works have progressed.

Working times and description of activity

- Sunday 13 September – Friday 18 September: Install temporary works
- Sunday 20 September – Friday 25 September: Install temporary works

All working hours are Sunday to Thursday within 10pm – 6am

Please contact community@bbvsjv.com or the HS2 Helpdesk on 08081 434 434, or via email at HS2Enquiries@hs2.org.uk if you have any questions.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
