## Keeping local communities informed and involved

We believe building infrastructure goes hand-in-hand with building stronger communities.

For each session in North Warwickshire, we provided a valuable opportunity for residents to ask questions, discuss journey planning, and speak directly with the project team. Events like these play an important role in keeping our communities informed, and we encourage attending future sessions to stay up to date and to share your views.

Our community engagement specialists work across the route, providing updates, answering questions, and ensuring local views are heard. We hold regular drop-in sessions to share progress, invite feedback, and discuss any concerns directly with our teams. We also continue to work closely with community groups and local authorities to help mitigate disruption and identify opportunities to support local initiatives, including volunteering, fundraising, and providing materials or expertise.

Our helpdesk is open 24/7 – phone us on 08081 434 434 if you would like to speak with our team or discuss an idea.
