

# Installation of vehicle restraint barriers at A412 North Orbital Road, near Denham, Buckinghamshire

**HS2-ALIGN-26-2151**

## Location

A412 North Orbital road, near to Denham Water Ski Club

## Duration

Works are scheduled to begin on Monday 6 July 2026 and will continue until Friday 24 July 2026

## What we are doing

We will be installing a Vehicle Restraint System (VRS) around the piers of the Colne Valley viaduct on either side of the A412. These safety barriers are designed to protect road users and the viaduct piers in the event of accidental collision.

## What to expect

To carry out the works safely, there will be lane closures along the carriageway, supported by 24-hour traffic management. These measures are necessary to provide a safe working area for our workforce and to manage traffic through the site, particularly during busier periods. We will make every effort to keep disruption to a minimum during this period.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

### Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: [www.hs2.org.uk/how-to-complain](http://www.hs2.org.uk/how-to-complain)

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: [www.hs2.org.uk/independent-commissioner](http://www.hs2.org.uk/independent-commissioner)
