Utility works in Amphill Estate

HS2-SCS-26-2264

Location

Amphill Estate, close to Gillfoot and Hampstead Road bridge

Duration

TfL works – Ongoing to early August 2026
Day shifts where possible, overnight works
UKPN works - 13 to 31 July 2026
Monday to Friday, 8am to 6pm

What we are doing

Following the diversion of utilities from Hampstead Road prior to the bridge extension works, utility service providers are making their final connections to energise their network.

What to expect

Periods of increased noise.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Freephone **08081 434 434**

Minicom **08081 456 472**

Email **HS2enquiries@hs2.org.uk**

Utility connection works

We have previously notified you of our works to remove all the utilities from Hampstead Road and redirect them across Granby Terrace bridge and over the retaining wall within our worksite. These works are required before we extend Hampstead Road bridge. After we extend Hampstead Road bridge, we will permanently reinstall the utilities back on to Hampstead Road.

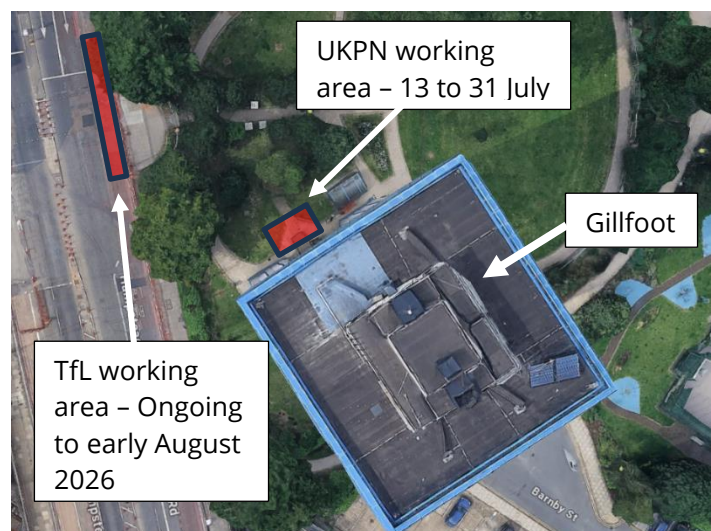

In January 2026, we started the next phase of the utility diversion works, involving various utility service providers working within our site, as well as on Hampstead Road, Lidlington Place and Stanhope Street to complete the final connections and energise their networks.

From **13 to 31 July**, UK Power Network (UKPN) will be working within Amphyll Estate, close to Gillfoot to complete some jointing works. We'll place fencing around the works and excavate the area. UKPN will then make the final connections to the substation in Gillfoot in order to energise their network. UKPN will work from Monday to Friday, 8am to 6pm. Pedestrian access will be maintained. Please see a map of the works area below. These works will not affect your utilities.

Transport for London (TfL) are working on Hampstead Road, close to Amphyll Estate. We previously diverted utilities that provides power to the London Underground network. TfL will work in the area shown below on the map to make their final connections to the diverted utilities. TfL will work during the day where possible but will need to work some night shifts when the London Underground network is not in use. We expect TfL to complete these works by early **August 2026**.

There may be some noise during jointing works. These works will be monitored closely to ensure they remain within the noise limits agreed with the local council.

We apologise for any inconvenience these works may cause.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
