# Utility works in Euston Approaches

**HS2-SCS-26-2306**

## Location

Stanhope Street and Park Village East

## Duration

27 July to 21 August 2026

Monday to Friday, 8am to 6pm and some weekend shifts during the day.

## What we are doing

Following the diversion of utilities from Hampstead Road prior to the bridge extension works, utility service providers are making their final connections to energise their network.

## What to expect

Traffic management in various locations, with road closure and parking bay suspensions.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Freephone **08081 434 434**

Minicom **08081 456 472**

### Utility connection works. 27 July to 21 August

We have previously notified you of our works to remove all the utilities from Hampstead Road and redirect them across Granby Terrace bridge and over the retaining wall within our worksite. These works are required before we extend Hampstead Road bridge. After we extend Hampstead Road bridge, we will permanently reinstall the utilities back on to Hampstead Road.

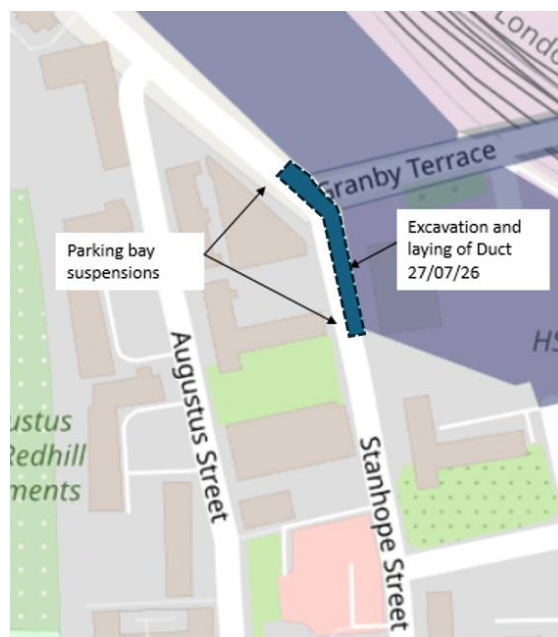

In January 2026, we started the next phase of the utility diversion works, involving various utility service providers working within our site, as well as on Hampstead Road, Lidlington Place and Stanhope Street to complete the final connections and energise their networks.

From Monday **27 July**, UK Power Networks (UKPN) will be carrying out jointing works on Stanhope Street and Park Village East. The works are expected to take approximately four weeks and are necessary to safely complete the jointing of ducting. Whilst UKPN are working in this area, we'll also excavate the area and install additional ducting. During this period, parking bay suspensions will be in place on both Stanhope Street and Park Village East, and temporary traffic lights will be used to manage vehicle flow through the works area. Working hours will be Monday to Friday, 8:00am to 6:00pm. If the work takes longer than anticipated, daytime working may also be required on some weekends to complete the works safely.

Please see a map of the works area to the right.

There may be some noise during jointing works. These works will be monitored closely to ensure they remain within the noise limits agreed with the local council.

We apologise for any inconvenience these works may cause.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

### Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: [www.hs2.org.uk/how-to-complain](http://www.hs2.org.uk/how-to-complain)

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: [www.hs2.org.uk/independent-commissioner](http://www.hs2.org.uk/independent-commissioner)
