Sheet piling in Zone 5, close to Hampstead Road – 17 August to mid-October 2026

From June 2026, we started preparatory works in Zone 5 to enable the extension of Hampstead Road bridge. We'll now begin installing sheet piles throughout Zone 5 to support the temporary road, which will be in place for approximately two years.

From Monday 17 August, we'll start preparing the area for sheet piling and vibration piling. We'll work from south to north to install piles within our site in the location shown on the map below. We'll work from Monday to Friday, 8am to 6pm, for about two months to complete these works. We may need to work some weekends to ensure works are completed on time, however we'll provide an update on this if required.

There will be periods of increased noise and vibration during these works, however we'll regularly monitor levels to ensure we are working within our approved limits.

We apologise for any inconvenience caused.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
