Utility works in Euston Approaches

HS2-SCS-26- 2443

Location

Stanhope Street and Park Village East

Duration

Ongoing to 18 September 2026

Monday to Friday, 8am to 6pm and some weekend shifts during the day.

What we are doing

Continuing with our utility diversion works before works begin on Hampstead Road bridge extension.

What to expect

Traffic management in various locations, with road closure and parking bay suspensions.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Utility connection works – Ongoing to 18 September

We have been diverting utility services on and next to Hampstead Road before we begin works to extend Hampstead Road bridge.

As part of these works, we previously installed new cable routes from Lidlington Place to Varndell Street via Granby Terrace to replace the existing route on Hampstead Road.

In the next stage of our works, we will install an additional section of ducting and connect the new cable routes before the existing services are transferred.

Since **27 July**, UK Power Networks (UKPN) have been carrying out jointing works on Stanhope Street and Park Village East. Whilst UKPN are working in this area, we'll also excavate the area and install additional ducting. During this period, parking bay suspensions will be in place on both Stanhope Street and Park Village East, and temporary traffic lights will be used to manage vehicle flow through the works area. Working hours will be Monday to Friday, 8:00am to 6:00pm. If the work takes longer than anticipated, daytime work may also be required on some weekends to complete the works safely. We previously informed you we expect these works to finish on **21 August**, however UKPN have also informed us of additional utility diversion works in this area. We have decided to carry out these additional works whilst the traffic management is in place and parking bays are suspended, rather than returning at a later date. We expect these works to finish on **18 September**.

Please see a map of the works area to the right.

There may be some noise during jointing works. These works will be monitored closely to ensure they remain within the noise limits agreed with the local council.

We apologise for any inconvenience these works may cause.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
