Sheet piling in Zone 5, close to Hampstead Road – October to December

In June 2026, we started works in Zone 5 to prepare for the extension of Hampstead Road bridge. We'll now begin installing sheet piles throughout Zone 5 to support the temporary road, which will be in place for approximately two years.

We previously informed you we needed to start sheet piling in Zone 5 from Monday 17 August. We now expect these works to finish by mid-December due to delays. We'll work from south to north to install piles within our site in the location shown on the map below. We'll work from Monday to Friday, **8am** to **6pm**. We may need to work some weekends to ensure works are completed on time, however we'll provide an update on this if required.

There will be periods of increased noise and vibration during these works, however we'll regularly monitor levels to ensure we are working within our approved limits.

We apologise for any inconvenience caused.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 helpdesk team. For more information, visit: **www.hs2.org.uk/how-to-complain**

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
For more information visit: **www.hs2.org.uk/independent-commissioner**
