Notice of survey works around M42, A45, NEC area

HS2-26-1898

Location

At multiple locations in the area highlighted on the map below around the M42, A45 and Birmingham Airport and NEC area.

Duration

From Monday 10 August for around 17 weeks (subject to weather, access and site conditions). Working hours will typically be Monday to Friday 8am to 5pm. To reduce disruption, there will be some night works around airport access roads and car parks.

What we are doing

To continue preparation for the procurement, design and construction of the HS2 Automated People Mover (APM), we will be undertaking topographical, lake and utility surveys along the line of the new APM route.

What to expect

Small teams will use hand and vehicle mounted survey and scanning equipment to gather survey data. The lake surveys will be completed from a boat. Where access to third-party land is required, specific and separate stakeholder engagement will be undertaken.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Additional information

In preparation for the construction of HS2 and the Automated People Mover, we need to carry out surveys of the area. The surveys are non-intrusive and we do not anticipate any disruption as a result of the work.

Where we will be working

The surveys will be undertaken throughout the area highlighted in blue on the map below.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
