

Updated 31/07/2026

Old Oak Common concrete works

REF: HS2-OOC - SCP-26-2362

For the attention of:
Residents of Wells House Road

Location

Old Oak Common Station site, underground high-speed station

Duration

Ongoing works will continue until 30 September 2026

Works will happen during core hours (weekdays 8am to 6pm; Saturdays 8am to 1pm)

What we are doing

We are continuing to pour concrete to build the core head houses, walls, upstands and other structural elements of the underground HS2 station at Old Oak Common.

What to expect

We do not expect these works to disturb the community as they are being carried out during normal working hours. There will be some abnormal deliveries which will arrive on-site in the early morning before 8am to not disrupt traffic.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Where we will be working

Concrete Works

Concrete works in the underground High Speed Station Box of Old Oak Common are continuing following the completion of excavation back in June 2024. Concrete pours are taking place on-site, with some pre-cast elements being delivered. This is to construct the walls, platforms, cores, and other elements of the future HS2 station and of the public realm.

Other concrete works include works on the Conventional Station notified in the AWN: Update on **Old Oak Common Conventional Station Works (ref: HS2-OOC - SCP-26-1734)**. Oversized deliveries of pre-cast concrete elements will occasionally arrive in the early mornings before 8am onto site in order to limit impacts on local traffic. We will monitor and mitigate noise and dust coming from the concrete works.

Mitigations

We will make sure to mitigate the impacts of the works as much as possible, including with regular damping down to limit dust exposure. These works will only happen during regular site working hours (weekdays 8am to 6pm and Saturdays 8am to 1pm).

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
