Additional information for Boddington Road residents:

To complete the utility connections along the new section of Boddington Road, we will be working in the roadside verge for one day. Access will be maintained for local residents while we work. There will be occasions when we need to bring materials and machinery to the area we are working. As the road is narrow, we will need to hold traffic while we do this, as the vehicles are brought to the work area, unloaded and returned. These temporary stops will be no more than 15 minutes at a time and not more than once an hour. Road traffic signs will be in place at this time. Please allow a little extra time for your journey. If you have any concerns about this work, please contact the HS2 help desk and these can be addressed.

Please note: This road is closed to through traffic for work by Oxfordshire County Council. Our team will be working within the same section of road, with additional traffic management.

Where we will be working:
