UK Power Networks (UKPN) emergency duct works on Atlas Road, Ealing

HS2-SCS-26-2323**Location**

Atlas Road, Acton, Ealing

Duration

20 July to 19 August 2026

24 hours, 7 days a week

What we are doing

UKPN will be carrying out emergency excavations to clear blockages to ducts below the road. This work will allow UKPN to progress with electrical connections and diversion of assets below ground between Atlas Road and Victoria Road

What to expect

- A northbound lane closure on Atlas Road
- Vehicle diversion for access to Atlas Road
- Noise from excavation works from 8am to 8pm. UKPN will use noise reducing barriers where possible

Please allow more time for your journey if driving or using buses.

Your utilities will not be affected during these works.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Additional information

UKPN will carry out these works with SCS JV providing traffic management. These critical works are required to support the UKPN works we previously advised about ([UKPN utility works on Victoria Road Ref: HS2-SCS-26-1946](#)). During those works, several blocked underground ducts were discovered. These ducts must be cleared before the UKPN asset diversion works can continue and the road network can be fully reopened.

To keep local businesses operational, we will have a signed road diversion in place for vehicles requiring access onto Atlas Road. Vehicles will be diverted via Old Oak Lane onto Channel Gate Road, through our Willesden Euroterminal site to gain access to Atlas Road. There will be an increase in vehicle movements on these roads during this period. All vehicles will adhere to the 5mph speed restrictions along Channel Gate Road. All vehicles will exit via Atlas Road as normal.

Dates mentioned may change, we will update the community if required.

We apologise in advance for any inconvenience this work may cause.

Where we will be working

The map below shows the location of the lane closure and the proposed vehicle diversion route.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
