Westbound lane and road closure on Adelaide Road

We told you in September 2026 about a date change for our road and westbound lane closure on Adelaide Road. The road closure planned for 14 to 15 November is no longer taking place. The road closure is now planned during our contingency dates from **21 to 22 November 2026**. The westbound lane closure will now take place from **23 November to 4 December 2026.** This is due to ongoing preparation work on site.

There will still be pedestrian access on Adelaide Road during this time. Temporary changes will be in place on Adelaide Road during the updated dates. A vehicle and cyclist diversion will be in place during the road closure. Two-way traffic lights will be in place during the westbound lane closure. Access to Beaumont Walk will be maintained at all times, assisted by traffic marshals.

Bus stop R will be suspended from **21 November to 4 December 2026**. The nearest alternative stop is bus stop P on Adelaide Road. For more information on bus routes please visit https://tfl.gov.uk/bus/status/

The map we previously sent you is still correct. You can view this by visiting www.hs2.org.uk/route-and-communities/interactive-route-map/ and searching for works in your area.
